

# INTERNSHIP

---

Interested in **Animal Welfare** and **Web-Platforms**?

## Build the world's first Food Animal Welfare Compensation Platform

Become part of a team implementing the world's first food animal welfare compensation scheme. Help enable consumers of animal products to compensate their impact, in order to improve the welfare of food animals.

You will work with a team of experienced web-developers, economists and engineers who collaborate for a sustainable future that respects the welfare of the most vulnerable in our society that most often lack a voice.

### Requirements:

- Detailed knowledge of HTML5 and CSS
- Experience of working in web development and interface design
- Good attention to detail
- Familiarity with PHP and JavaScript
- Familiarity with WordPress

Interested? Reach us at: [info@oxefa.org](mailto:info@oxefa.org), 0749 069 0518 (Florian)

Deadline: 31-July-2017
